

## **TENAI LUTTRELL**

"Tenai joined P4 as Program Administrator in 2005, and during this time she has provided invaluable support to the P4 program leader. Tenai brings an enormous amount of enthusiasm and good humour to all her endeavours, and her ability to get along with people from all walks of life and perspectives has greatly contributed to the esprit de corps in the GA team within P4. Tenai is extremely efficient, and has demonstrated that she is very capable in financial management and in keeping track of HR-related issues in P4. Tenai is the supreme organiser and networker, and has demonstrated high level capabilities in client liaison and in organising events, ranging from meetings and workshops through to national Symposia, such as the AESC Hazards and Risks Symposium, in 2006. Tenai has also greatly assisted with organising the ISF conference activities, and she will continue to play an important role in this event in the coming months."
